Keene State University, 2015

ABOUT

Zach is a Certified Safety Professional that has worked across various industries including, general industry, construction, marine and DOT/FMCSA.

He graduated from Keene State College in 2015 with a BS in Occupational Health and Safety Applied Science. During his time at Keene State, Zach was a member of the American Society of Safety Professionals and worked at a manufacturing plant as a Safety professional.

Zach has safety management experience in construction and DOT/Facilities safety. Since graduating from Keene State, he has completed safety training programs for various companies and helped build a culture of safety within those businesses.

His professional experience also includes working closely with various government agencies and insurance companies to ensure compliance is met.

Zach assists our clients with site-specific health and safety program development, safety and health inspections, and conducting site safety auditing.
