ABOUT

Nicole is a board certified Construction Health and Safety Technician and Construction Risk and Insurance Specialist with a strong background in planning, implementing and coordinating programs to reduce and eliminate injuries, illnesses and financial losses. Nicole is a team player proficient in enforcing client and contractor safety rules along with state and federal regulations.

With effective personal skills, Nicole is successful in the coaching, counseling and mentoring of employees through behavioral based safety programs. She is fully capable of maintaining a safe and healthy work environment and has established herself as a skilled leader with a proven ability to perform and deliver under demanding conditions.

As a member of the US Army for 8 years, Nicole served as a Combat medic, serving with the 25th Infantry division out of Fort Lewis, Washington and 2nd Stryker Cavalry Regiment, Vilsek, Germany.

While deployed in support of Operation Iraqi Freedom, Nicole worked closely with the Iraqi police and Iraqi Army to teach basic life saving skills. Nicole has earned the Combat Medical Badge and was awarded the Order of the Golden Spur during her tour. Nicole was later assigned to the 100th Training Division where she became a Health Care Specialist instructor for the Army Reserves.

As the Regional Director of the Tri-State area, Nicole assures delivery of quality services to all clients and the overall management of staff assigned to divisional activities. Nicole assists our clients with site-specific health and safety program development, safety and health inspections, and conducting site safety auditing and safety management services for large commercial projects.

Nicole performs assessment of prospects' and clients' consulting requirements with the use of surveys, focus groups, and client meetings with various compliance and risk management support tools. She collaborates with functional management teams to assess ongoing and future consulting and development needs as well as effectiveness of established consulting programs.
